

Dear in Christ,

Greetings. In the light of new restrictions for Dublin (Level 3) and the whole of Ireland (Level 2), we request your kind compliance. Together we can make a difference to the grim situation and as the Taoiseach reminded us using an old expression, "This too will pass." Let us put up our best efforts to contain spread of the virus. Follow the COVID-19 guidelines and protocols. Do not be complacent, regulations are to protect us.

According to the level 3 guidelines our Parish (Holy Qurbana & Special Prayers) services shall only be now telecasted online. However, our Chapel shall be open for personal prayers strictly following the protocol and guidelines. The Parish and all its spiritual organizations since last six months are well equipped for online meetings and worship sessions. You are welcome to join these online events. We need to protect ourselves and others. We are all vulnerable to this virus.

Dear children and young friends we shall follow best respiratory etiquettes & protocols at our educational institutions and workplaces. Let us appreciate all goodness and gladly cherish the relatively smaller things around us. This is the time to recognize the things we rarely gave importance too. Our home, family, garden, mental and physical well-being are all essential.
